October 16, 18 and 19, 2013

Message from Ada Masciarelli Writer/Director

WOW I Can Dream Theatre Group is putting on its second production tonight. I think that's pretty amazing! We are so grateful to everyone, including you the audience who helped make that happen.

We are proud of tonight's production and the 18 actors/singers/dancers you will see have rehearsed for 7 months and have adapted remarkably to the many script, musical, schedule and character changes. Through all the various adversities they have maintained a solid commitment to this production. I continue to always feel blessed and humbled to work with such gifted individuals. They make me laugh, cry, inspire me, and constantly renew my faith in believing that anything is possible.

There are many people to thank for their time, effort and support, and without whom none of this would be possible. To all the volunteers and production crew who freely gave their time and devotion, thank you for all you have done to make this event a success.

To our new committee and its members, you have definitely brought it up a notch, several notches in fact. You have helped in opening up new avenues for I Can Dream and its members. Thank you so much for all your effort and hard work.

To my partners Michele Matthews and Tricia Bartley, I am in awe of both of you and so grateful to be the third element in this crazy carousel ride we are on together.

And to all of you here tonight please always remember, if you can dream it you can live it!!

Thank you so much for coming and enjoy the show!
